School Overview

Kalbar State School was established 127 years ago in the picturesque Fassifern Valley. The school is situated in the Scenic Rim Shire, 45km south of Ipswich. Many of the school families rely on farming and primary industries as their major income source, however there is significant growth in the area. Staff at Kalbar Independent State School recognise that the fundamental goal of our teaching and learning program is to facilitate the development of literate and numerate students who can demonstrate agreed high standards as well as supporting the development of the whole child. Physical Education plays a major role in the life of students. Each child receives over an hour of specialist time each week and outside agencies are often sought to provide our students with additional opportunities. Kalbar Independent State School maintains strong community links: entrants into the Kalbar and Boonah shows, participation in the Kalbar Art Show, participation in Kalbar Country Day and ANZAC Day Services. We have a very active and involved Parents and Citizens Association.

Characteristics of the Student Body

Overview

Kalbar Independent State School's student body is mostly Australian born with less than 3% population of an ethnic parentage. Socio-economic circumstances spread across the spectrum, as does the family occupation composition. Our students are resident, as opposed to transient and approximately 20% enrolments travel from outside the school's small catchment area due to parental choice. The vast majority of students begin school with us and remain for the duration of their primary education whereupon they transition to local high schools. Our families value education and our teachers are able to work closely with parents and develop a strong rapport. Behaviour incidents are low.
